About OpSource
OpSource™, the SaaS delivery experts, is focused on providing the operational infrastructure and ongoing services that enable software companies, On-Demand businesses, and Web applications providers to deliver and maintain the highest quality Web-based solutions. By choosing OpSource as a SaaS partner, OpSource customers are freed from infrastructure management and can focus on improving applications and acquiring new customers. OpSource's Optimal On-DemandSM infrastructure enables businesses to deploy SaaS and Web-based applications quickly, cost effectively, securely, and with high quality standards. Companies at any stage in the application lifecycle, delivering any type of application, can benefit from our comprehensive services and expertise. OpSource is the only company to offer Success-Based PricingSM, a unit-based pricing model, that allows businesses to begin with a modest minimum commitment, and their expenses scale only when their revenue increases.
